Second ALLIES Pilot Event

AI-based framework for supporting micro and small Host Service Providers (HSPs) on the report and removal of online terrorist content

📅 10-11 December 2024

📍 Mossos d'Esquadra Les Corts
Travessera de les Corts, 319-321
08029 Barcelona

About the ALLIES Pilot Event

Abstract:

The ALLIES project is a EU-funded initiative to support the micro and small hosting service providers in complying with the obligation of removing terrorist content published on websites hosted by them. At this second pilot **demonstration of ALLIES' developments**, you will gain valuable insight into the **components included in the ALLIES tool suite** and how those can aid you in the prompt and secure identification and moderation **terrorist content** with the help of **machine and deep learning techniques**. Moreover, you will have first access to the ALLIES educational platform where you can learn all the important aspects on terrorist content online, including how to prepare the necessary documentation and reporting under the TCO Regulation.

 We are looking forward to meeting you in Barcelona on the 10th and 11th of December!

Meeting Objectives: Validation and Evaluation of ALLIES Results

This is a CLOSED EVENT - Invitation only!

## Agenda 10.12.2024 – Technical Workshop (ALLIES PARTNERS ONLY)

9:00 – 10:00	Registration of participants
10:00 – 11:30	Technical preparations
11:30 – 11:45	Coffee break
11:45 – 13:00	Technical preparations
13:00 – 14:00	Lunch break
14:00 – 15:00	Technical preparations

Agenda 11.12.2024 – ALLIES Pilot Demonstration

ABOUT

The ALLIES project aims to support micro and small Hosting Service Providers (HSP) in achieving compliance with the new requirements and obligations under the "Terrorist Content Online" (TCO) Regulation. This will be achieved through the creation of proper learning, training, experience sharing mechanisms as well as technical Artificial Intelligence (AI) tools.

SKILL DEVELOPMENT AND INNOVATION

Pillar 1	Pillar 2	Pillar 3	Pillar 4
learning and awareness raising	technical development and adaptation	training and education	experience sharing and reporting mechanisms

PROJECT **OBJECTIVES**

AWARENESS among micro and small HSPs for the TCO Regulation and its requirements.

AI TOOL developed to support HSPs by implementing the TCO Regulation.

TRAINING for HSPs concerning TCO Regulation content and the usage of the created AI tool.

SAFE ONLINE ENVIRONMENT for experience sharing and reporting among HSPs.
